JOSH HASTICK.

Anthems for the stubbornly optimistic

INDIE / ALTERNATIVE ROCK | TENNESSEE

THE ARTIST

Josh Hastick's songs trace the people, losses, and turning points that leave a mark. His debut album, Farewell to Old Friends, brings together eight songs written from 2011 to 2024—an anthology of friendship, upheaval, brotherhood, and the questions that follow us. From the ache of "Fly Away" to the searching "Redbird," each song began with something personal. His hope is that listeners find pieces of their own lives scattered through the record, and a connection that lasts beyond it.
